YOUR PRIVATE TERMINAL

Private flights at Haugesund Airport Karmøy are normally handled through the private passengers are met by the handling agent, about 13 km south-south-west of Haugesund. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Handling is mandatory for all international flights and slots are coordinated through Airport Coordination Norway. Aircraft with wingspan above 42 m are not accepted without special approval.
