YOUR PRIVATE TERMINAL

Private flights at Bucharest Henri Coandă Airport (Otopeni) are normally handled through Tiriac Air private business terminal, about 19 min by taxi to Bucharest city centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Bucharest's main international airport, 16.5 km north of the city. Aircraft must have ground handling arranged before landing. A military area shares the airport; access there needs separate military permission.

HANDLING Tiriac Air

Details as published by the airport on its website, checked September 2026 — Charter-A reconfirms hours, handling and customs for every flight.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (Tiriac Air private business terminal) — **075150** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
