YOUR PRIVATE TERMINAL

Private flights at Prague Václav Havel Airport (Terminal 3, General Aviation) are normally handled through the general and business aviation, including helicopter flights, is dispatched from Terminal..., about Distance: about 10 km from Prague Castle. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Every private or business flight needs an airport slot before arrival, and using a handling agent is compulsory, so book handling in advance. Jet A-1 is available.
