YOUR PRIVATE TERMINAL

Private flights at Cotswold Airport (Kemble) are normally handled through the handling by the airport's own team from the Control Tower – direct aircraft-to-vehicle..., approx. 1 h 30 min to London by road via the M4. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. For international flights, customs and immigration are arranged in advance with the handling agent — we take care of the notice. Markets itself as the largest private airport in the UK with the longest private runway – wheels up within minutes of arriving. Kemble station in the village has trains to London Paddington in about 1 h 20.
