YOUR PRIVATE TERMINAL

Private flights at Frankfurt Airport are normally handled through the general Aviation Terminal, about 19 min by car to Frankfurt city centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Night flight ban 23:00–05:00: only emergency, disaster-relief and medical flights, and safety diversions, are exempt. Movements are also capped 22:00–23:00 and 05:00–06:00. Ask the handling agent about slots and parking.

Details as published by the airport on its website, checked September 2026 — Charter-A reconfirms hours, handling and customs for every flight.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (General Aviation Terminal) — **60547** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
