## YOUR PRIVATE TERMINAL

Private flights at Midtjylland Airport (Karup) are normally handled through the civil aircraft and passengers are handled by the Karup airport office, about 33 min by car to Herning. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Shared with an air force base, so every civil flight needs prior permission, and the runways are available in daylight only. No weekend service. About 18 km from Herning.

## ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (Civil aircraft and passengers are handled by the Karup airport office) — **7470** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
