YOUR PRIVATE TERMINAL

Private flights at Naples Capodichino Airport are normally handled through the general aviation facilities on the Capodichino airfield, about 5 km from the city centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. The airport will be closed for the whole of November 2026 while the runway is rebuilt; Salerno Costa d'Amalfi is the alternative. Outside that period all private flights need a slot booked in advance.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (General aviation facilities on the Capodichino airfield) — **80144** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
